

## Where He Stands: *2nd Amendment Rights*

**Yes!** I strongly support our 2nd Amendment right to bear arms and I will always oppose any government move to take away our guns. Guns not just for hunting and personal safety, but also as a guarantee against tyranny. I've been endorsed by the Michigan Coalition for Responsible Gun Owners (MCRGO), not to mention earning the votes of thousands of local gun owners in our area. I am a gun owner myself (including CPL for many years) and I spend time at the range whenever time allows.

**At the same time,** great rights come with great responsibilities. In my view, all gun owners should have gun safety education. Preventing accidents, particularly involving children, is every gun owner's special responsibility. I applaud the gun safety courses taught by the NRA, MCRGO and other organizations. If you haven't enrolled in one of these courses, I urge you to do so!

**Hunting safety** is another responsibility we gun owners share. Learning to hunt is a tradition that is part of our heritage here in Michigan. Working with conservation clubs and sporting clubs around the state, we can ensure that field safety skills are also passed on to the next generation. (I'm a hunter, too.)

**One area where we can do better** is keeping guns out of the hands of criminals, terrorists and those with severe mental illness problems. I will continue to search for solutions to this problem, working with all parties to do the right thing without infringing on our 2nd Amendment Rights guaranteed by the U.S. Constitution.
